# A Few of the Things that Make Us Your Best Choice

- **Family Owned and Operated.** While many of the local funeral providers are now owned by large international corporations, we are still owned and operated by the Harding family, offering the highest level of personal attention and caring service, since our founding in 1940. We understand that our most valuable asset is our sterling reputation and we will do everything in our power to maintain that position by exceeding our client families' expectations. We are accountable to you, not far-away stockholders.
- **Professionalism.** We recruit, train, and retain only the best professionals in our industry. You are guaranteed that your services will be handled sensitively and correctly on that first, and only, opportunity.
- **Cremation.** We operate the only private, on-premise crematory facility in Putnam County. Our cremation specialists have been certified by the West Virginia Board of Funeral Service Examiners. While most other funeral establishments subcontract this important service to off-site, multi-user industrial facilities, our facility is open to your inspection at any time, assures you the peace of mind that your loved one will be handled only by our certified specialist and with the highest standards of care and accountability. By controlling the entire process, we can guarantee you that your cremation will be completed in less time by our firm than anyone else in our area.
- **100% Satisfaction Money Back Guarantee.** We are committed to supporting your family during their grief, recognizing that all grief is personal to each individual. We will strive to create the most personal and meaningful tribute to the person who died and support any appropriate requests to commemorate the life that was lived. We acknowledge that we cannot make the pain go away, but through our efforts we can make the journey of grief less lonely and perhaps a little easier. Finally, if you are not satisfied with any of our services or facilities, we will reduce or eliminate that charge to you.
- **Aftercare Support.** Mental health experts agree that our society today does a generally poor job in addressing the needs of people who grieve. At our facilities we offer a full-time aftercare specialist. Our aftercare specialist will help you with probate of the estate, estate planning, insurance claims, grief support and many other services. There is no charge for any of these services.

### **Complete Funeral Packages**

To help you make funeral planning easier the Harding Family Group offers several Burial and Cremation Packages. These packages provide you with a wide range of selections, options and prices. Most importantly, they allow you to devote more time to personalizing the service as you pay tribute to the life of the person you are honoring. Each package is designed to provide a complete funeral ceremony. If you do not want to choose one of these complete funeral packages or you purchase a casket elsewhere, you will be asked to choose individual items listed in our General Price List.

### **Payment Policy**

Payment for goods and professional services is expected in full within 10 days of the arrangement conference. All cash advances must be paid before the day of the services. For your convenience we accept cash, personal check, all major credit cards, and verified life insurance policy assignments. Please note that an additional fee applies for life insurance assignments and currently we are using Heritage Memorial Funding to process insurance assignments and they charge a 4% fee. Being a small business, this allows us to be able to keep our prices low and we do appreciate your prompt payment in full.

# Cremation Packages

## **Reasons Harding Family Group Is The Preferred Cremation Provider**

- 1. No subcontractors or Brokers involved.** We are the only crematory in Putnam County with our own, private on-premise crematory facility. Even though all funeral homes advertise “cremation services”, most people are shocked to learn that the important cremation process itself is subcontracted out to a third party who services multiple parties and operates their services from places like garages and industrial warehouses. We wish to emphasize that **your deceased family member is always under our direct care and never leaves our facilities.**
- 2. No Waiting.** By owning our own crematory and controlling the entire process, we guarantee that once all necessary approvals have been received, the cremation will take place within 24 hours. No other cremation provider offers such a guarantee.
- 3. Final Goodbyes.** Our cremation facility offers a special room where family and friends can say their final goodbyes and if they wish, be present for the start of the cremation process.

## **Why should the Harding Family Group assist with your Cremation Memorial Service?**

The survivors usually have so many things to cope with that our presence removes what could otherwise be a large burden to organize and oversee something so important. Though friends or church members may offer to assist, they don't know the many intricacies that are involved in staging a meaningful memorial ceremony. Our professional directors will receive flowers that are sent to the funeral home, church or other facility. We arrive an hour early and attractively display the flowers in accordance with religious customs and clergy preferences. We bring, display, or otherwise care for the cremated remains as you so desire. We reserve and assist with seating. We set up memorial registers for signatures, greet guests as they enter, guide them as needed and offer printed material such as memorial folders. We provide memory boards to the family for special photos and bring our artist easels to the ceremony for display of these boards. We coordinate with musicians and clergy and prepare honorarium checks. During the ceremony we are able to assist with playing of prerecorded music. At the close, we usher the survivors and others. We then transfer and display flowers, memory boards, and mementos to the reception or as you otherwise direct us.

**Our Guarantee: We are so certain that you will agree it is a good decision to engage our services in conducting the memorial ceremony that we will remove the fee if you are dissatisfied in any way.**

**(Often referred to as burial vaults)**

In most areas of the country, state or local law does not require that you buy a container to surround the casket or urn in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.
